8. Operational Period Debrief					
General Remarks / Accomplishments:					
<p>During this operational period, Ground Recovery Team 1 conducted recovery operations in Grids 415, 416 and 417. These grids are located in Southeast Harris County and follow the Houston Ship Channel northbound from the I-10 bridge. During the recovery operations, the team collected approximately 10 (55) gallon drums of mixed waste, 4 (250) gallon plastic totes of oils and degreasing solution, 25 cylinders, 25 small propane tanks, 1 (200) lb propane tanks and 50 (5) gallon pales of paint. The team closed out approximately 15 open targets and updated Response Manager as appropriate. Approximately 10 targets remain in Grid 417 for recovery. Other targets were found during the recon, however, they were collected in the field during other recovery operations.</p> <p>Special Situations:</p> <p>While in Grid 416, an ammonia type smell was discovered coming from a ditch leading into the Houston Ship Channel. Ground Recovery Team 1 informed the Branch Director of the finding and the information was passed over to the Emergency Response Group for follow-up.</p> <p>While in Grid 417, @ 401 Wahoo Street, a 1000 gallon leaking AST was found with product, new target entered. Need to order up excavator, flat bed and vacuum truck for removal. Diesel Fuel inside. Air monitoring readings had 50ppm for VOCs near leak.</p> <p>While in Grid 417, Nasa Street, shiny spherical tank the size of a large beachball found hanging in tree. No air monitoring results, could be hydrazine or propane, need special ops support for assessment and removal.</p> <p>ADDITIONAL/SUPPORTING DOCUMENTATION: <input checked="" type="checkbox"/> Response Manager <input type="checkbox"/> Photographs <input type="checkbox"/> Video <input type="checkbox"/> Logbook <input type="checkbox"/> Other: _____</p>					
Health & Safety Issues / Problem Areas:					
<p>An XYZ Technician stepped on a nail during recovery operations in Grid 416. An incident report was created and submitted to the Branch Assistant Safety Officer and Contractor Health and Safety Officer..</p>					
Next Operational Period Requirements (Additional-Reduction in Resources) (Tactical Changes):					
<p>Continue working in Grid 417 to recover remaining 10 targets. Due to the size of 5 of the targets listed, it will take approximately three field day to clear the area of remaining targets.</p>
